QUADRENNIAL REPORT 2020 – 2023

(REGISTRATION # 524/IV, REGISTERED UNDER TRUST ACT OF PAKISTAN OF 1882, AS INTERNATIONAL CHARITY)

SPECIAL CONSULTATIVE STATUS GRANTED BY THE
ECONOMIC AND SOCIAL COUNCIL (ECOSOC) OF UNITED NATIONS

<https://www.ihrcrft.org>

<https://www.ihrc-hq.org>

<https://www.ihrc-rft-africahq.org>

MESSAGE FROM THE CHAIRMAN/PRESIDENT:

Dear Readers:

It is my pleasure to provide to you this 2nd quadrennial report on the **International Human Rights Commission Relief Fund Trust (IHRC-RFT)** activities and achievements during the 2020 – 2023 term. It seems like it was just yesterday that I assumed the leadership of the IHR-RFT following the Board of Directors meeting held in Karachi Pakistan.

Time has gone quickly and I am so proud of what we have been able to achieve together. I want to thank all members for the trust you placed in the leaders you elected. I also thank all Officials, the Executive, and our Committee and Working Group Chairs as well as our staff for your commitment and hard work in helping us achieve our objectives.

Much as we may want to consign the time from 2020-2021 to the dustbin of history and world starts normalizing in 2022, it taught us some vital lessons and it sets the stage for the years ahead. It showed us that a global pandemic is not just a health crisis, but also a climate crisis, an economic crisis, an education crisis, an inequality crisis, and so much more. We saw rising food insecurity, growing polarization, and surging mistrust of public institutions and leaders, not to mention a devastating and disproportionate toll on women, girls, and other marginalized communities. The results of **COP27EGYPT** the wishes of Climate Justice Advocates are not meet, and the **COP28UAE** brings some positive results according to the promises of the leadership vision of UAE, this summit also discuss the outcome especially the operationalizing the Lost & Damage Fund to address the climate affected countries.

As I look to the future, I see many opportunities for the IHRC-RFT to continue to strengthen our reach and our voice. We have made huge progress and we have the opportunity to continue to build on that as we move into the future. On behalf of our leadership team, I thank you for the privilege of leading our wonderful organization over the past four years.

Dr. Muhammad Shahid Amin Khan
Chairman/President
Board of Trustees/ Directors

INTRODUCTION:

Dear Readers:

The purpose of the International Human Rights Commission Relief Fund Trust (IHRC-RFT) 2nd Quadrennial Report 2020 – 2023 is to consolidate and reflect on the work undertaken and achievements realized by the International Human Rights Commission Relief Fund Trust (IHRC-RFT) during the period of since Special Consultative Status granted by the **Economic And Social Council (ECOSOC) of United Nations in 2016.**

The report aims to inform the IHRC-RFT about the work that has been undertaken at the national and global level. IHRC Relief Fund Trust first started as a registered charity in 2009 but its informal charitable activities and operations were being done from the platform of International Human Rights Commission. The relief operations carried out so far were not limited to geographical boundaries. Either it was Sri Lanka, Indonesia, Iran, Turkey or any other disaster affected area Our Rescue teams remained clinging to the issue until resolved. Since its inception, IHRC-RFT has responded to several disasters and served hundreds of thousands of victims in various affected communities. Very soon, the organization's scope of operations is being expanded beyond disaster relief to several sustainable human development projects and initiatives around the world, especially volunteering activities for education, women empowerment and youth development around the world.

IHRC-RFT is registered in number of countries and expanding gradually across 5 continents. Its operations are primarily funded by grass root donations from individuals, corporate support, and various other grants. Dedicated volunteers of International Human Rights Commission, the parent organization, is the force multiplier behind the good work that IHRC-RFT delivers, who bring their professional experience to the benefit of the affected communities. It also leverages preferential rates for relief equipment, logistics, and other needed supplies benefiting from global sourcing.

This quadrennial report provides a summary of our achievement of the strategic plan over this four-year quadrennial. It has been a real pleasure to consolidate this information as our achievements have been many. We can justifiably be proud of what has been accomplished over the course of the last four years. While there is, of course, much more that still needs to be done, we can be proud of what we have achieved so far and the foundation that has been laid for our future work.

Respectfully submitted

Mrs. Asra Khan

Vice Chairperson, Board of Trustees/ Directors

Editor Quadrennial Report

OUR BACKGROUND:

International Human Rights Commission Relief Fund Trust (IHRC-RFT) first started as a registered charity in 2009 but its informal charitable activities and operations were being done from the platform of International Human Rights Commission. The relief operations carried out so far were not limited to geographical boundaries. Either it was Sri Lanka, Indonesia, Iran, Turkey, or any other disaster affected area Our Rescue teams remained clinging to the issue until resolved. Since its inception, IHRC-RFT has responded to several disasters and served hundreds of thousands of victims in various affected communities. Very soon, the organization's scope of operations is being expanded beyond disaster relief to several sustainable human development projects and initiatives around the world.

This is accomplished through conferences, grants and fellowships, the publication of *The Journal "Human Rights Watch"*, and the *IHRC Newsletter*, which contains a United Nations column. The organization also collaborates with other organizations, domestically and internationally, by providing volunteers, experts, speakers and working programmes.

Since being granted special consultative status with the Economic and Social Council, the organization's international membership has more than tripled in Africa, Asia, Europe and South America, adding members from previously unrepresented countries. In December 2023, the international membership stood at 2180 persons from 70 countries, with international representation on the organization's governing council. The organization offers the opportunity for free membership to Scholars/ Singers/Artists in developing nations. There has been no substantial change in the sources of the Organization's funding in the past four years, although income has increased.

GATHER RESOURCES AND ACTIVATE FUND RAISING SYSTEM

"You, I and we can do wonders but once sincere with the cause and destination. Here we all can join for mutual goal to provide help and assistance to the less fortunate fellow human beings around the globe and to improve the quality of life in under-privileged countries and disaster affected areas".

"Humanism teaches us that it is immoral to wait for God to act for us. We must act to stop the wars and the crimes and the brutality of this and future ages. We have powers of a remarkable kind. We have a high degree of freedom in choosing what we will do. Humanism tells us that whatever our philosophy of the universe may be, ultimately the responsibility for the kind of world in which we live rests with us".

The Organization has no formal affiliation with any other non-governmental organization in consultative status.

OUR VISION & OBJECTIVES:

The International Human Rights Commission Relief Fund Trust (IHRC-RFT) has adopted a pyramid Vision structure which reflects our Vision of what we would hope to achieve within a twenty-year timeframe as well as our Vision for this strategic planning cycle which is four years.

OUR LONG TERM, TWENTY-YEAR VISION IS:

“Gather resources and funding to provide healthy living conditions to the displaced people housed in Relief Camps and Conduct Relief Operation to counter sufferings of humanity around world”.

Our short term, four-year Vision, had three ladders that together would move us towards the realization of our long-term vision:

These four Vision ladders are:

- 1. That IHRC-RFT is recognized as the authentic voice representing for humanitarian assistance and relief agency at the international level.*
- 2. That our members at all levels have the capacity and capability to deliver their programs.*
- 3. That the IHRC-RFT is recognized as an international source of information on matters related to humanitarian crises and relief activities, climate justice, human rights, rule of law, women empowerment, youth development, education for all.*

WHO WE ARE

You are a Human Angle ... Join With us....

"By trade, we are engineers, financial analysts, drivers, community organizers, project managers, public health experts, administrators, social entrepreneurs and logisticians. In spirit, we are activists, optimists, innovators and proud partners of the people we serve in Peace or War or any kind of Natural disaster."

IHRC Relief Fund Trust Registered is a team of more than 2500 Volunteers from Pakistan and around the world includes professionals who can help turn crisis into opportunity for millions around the world. By trade, we are engineers, financial analysts, drivers, community organizers, project managers, public health experts, administrators, social entrepreneurs and logisticians. In spirit, we are activists, optimists, innovators and proud partners of the people we serve in Peace or War or any kind of Natural disaster.

No one is more motivated or better equipped to create change than the person whose life and future is at stake and no one is smarter about what help is needed than the one who will benefit from that boost.

At the **International Human Rights Commission Relief Fund Trust (IHRC-RFT)**, our role is to help catalyze the change that communities want to see. It is their potential, their energy, and their ideas that ultimately will conquer the difficulties they face. Our job is to listen, assist, and connect them with the resources that will help them turn crisis into opportunity.

Our programs is be led by people of the region that speak their languages, know history, and actively invest in developing its human network. While our team members make critical contributions, we do not import foreign cures or impose developed-world perspectives. There are no one-size-fits-all solutions at IHRC Relief Fund Trust. Rather, our teams involve local residents - who deeply comprehend the challenges and have the greatest stake in how they are solved - in designing and pursuing the best strategies for their communities.

WHAT WE DO

WE LISTEN, ASSIST AND CONNECT TO RESOURCE....

"Our role is to help catalyze the change that communities want to see. It is their potential, their energy, and their ideas that ultimately will conquer the difficulties they face. Our job is to listen, assist, and connect them with the resources that will help them turn crisis into opportunity".

IDPS HANDLING ...

We care food, shelter, education and so on!!

Imagine having just minutes to take what you could take from your home before fleeing from disaster or war. This is the reality for millions of displaced families, who reside in overcrowded camps or lonely city streets with no idea when or when they can return home. "IHRC Relief Fund Trust " (Registered under Trust Act of Pakistan and overseas offices under the relevant law of parent country) under the management of International Human Rights Commission established to helps these families with basic supplies and shelter, temporary jobs, makeshift classrooms and preparation for a hope for return. Arrange Psychotherapy Programs to get them out from shock effects.

EMERGENCIES

Life can change for millions of families in an instant: natural disasters can take loved ones and the outbreak of war drive families from their homes. When the unthinkable happens, IHRC Relief Fund Trust will deliver rapid, life saving aid to hard-hit communities...

BINDING ALL SEGMENTS OF CIVIL SOCIETY . . .

We build social relationship that leads to peaceful coexistence!!

The International Human Rights Commission Relief Fund Trust (IHRC-RFT) believes that responses to emergencies and development must, at their core, focus on strengthening the bonds between the public, private and civic sectors. Our approach aims to build and improve social relations based on the principles of peaceful coexistence, accountability and participation.

PUBLIC INVOLVEMENT ...

You decide about yourself!!

Societies are more peaceful and prosperous when citizens are actively involved in decision-making. IHRC Relief Fund Trust helps create safe spaces where various stakeholders can discuss and debate the choices that affect their lives and communities.

BABY GENERATION ...

Taking care children effectively leads to healthy generation!!

Children are remarkably imaginative and innocent — but also heartbreakingly fragile and vulnerable. IHRC Relief Fund Trust works with communities to shelter and nurture children through innovative education, health and nutrition programs. Teaching the next generation and keeping them healthy are essential to tomorrow's strong, vibrant societies.

SPECIAL PEOPLE ...

We become their deprived part!!

Individuals with physical and mental disabilities often struggle for visibility and a voice within their communities. IHRC Relief Fund Trust will help to empower them to organize, address their common challenges and advocate for the changes they need to gain access to education, services and jobs.

CONFLICT & WAR. . .

No matter we are there to provide Relief!!

War tears at every fiber of society, but conflict doesn't have to be violent to harm communities. IHRC Relief Fund Trust will work to not only help families rebuild after the destruction of war, but also manage friction points and find solutions so shots are never fired.

EDUCATION ...

We build to teach!!

Education is the foundation of progress, but it is often interrupted by extreme poverty, war and other crises. As a result, individuals and their communities often can't reach their full potential. IHRC Relief Fund Trust will work to bring access to education to women and men of all ages and economic groups to help ensure a better future for all.

DISASTER RESPONSE ...

Ever ready to take on Emergency Calls!!

Life can change for millions of families in an instant: natural disasters can take loved ones and the outbreak of war drive families from their homes. When the unthinkable happens, IHRC Relief Fund Trust will deliver rapid, life saving aid to hard-hit communities.

GLOBALIZATION EFFECTS ...

Paramount to turning the tide against poverty!!

We believe that educating and engaging the public about global issues is paramount to turning the tide against poverty. IHRC Relief Fund Trust will raise the awareness of what it means to live on \$1 a day — and how that affects access to education, health care and economic opportunities — while providing specific actions that empower concerned citizens to make a difference for people in need.

GOVERNANCE ...

We bridge between civil society and Government!!

Government should never hinder progress and prosperity. But communities around the world are often faced with leaders who are unwilling to listen or cooperate. IHRC Relief Fund Trust will help facilitate collaboration between government officials and the people they serve, leading to more accountable and productive environments.

HEALTH MEDICAL AND SAFETY SERVICES ...

Our most favourite sector!!

Our work to build healthy communities, families and individuals will be at the heart of IHRC Relief Fund Trust vision for social change. By partnering with a range of partners, from village health committees to government agencies, we will help build the means to improve maternal, newborn and child health, ensure proper nutrition and combat infectious diseases.

HUNGER ...

Unique handling hungry humanity is here!!

Millions of families around the world experience hunger every day. Food shortages due to poverty, disasters, conflicts and economic collapse lead to malnutrition, disease and death. IHRC Relief Fund Trust food programs will concentrate on those who are most vulnerable — children, the elderly, pregnant women and the displaced.

MIGRANTS ...

Handling both ends!!

Every day, many families face a grim choice: endure another surefire cycle of poverty at home, or search for better opportunities somewhere else. Those who remain struggle to make ends meet and preserve traditional ways of life, while those who leave can face bewildering challenges in new environments. IHRC Relief Fund Trust will help in both cases by strengthening rural economies and assisting those who have already migrated far from home.

PEACE FULL CHANGE...

Productive dialogue leads to mutual benefits!!

Many of poverty's root causes can be found in conflict over resources, philosophies and goals. IHRC Relief Fund Trust believes that engaging potential adversaries in productive dialogue can lead to mutually beneficial solutions for change. Conflict resolution today can help avoid tomorrow's wars and other crises.

SPORTS & LEISURE ...

Effective tool to recover from disaster trauma!!

IHRC Relief Fund Trust recognizes that sports can transcend difference. We will organize and sponsor tournaments, build athletic fields. We will also use sports to help children recover emotionally from trauma caused by conflict or disaster. In these and other ways, IHRC Relief Fund Trust will uniting former adversaries on the playing fields and teaching youth important lessons about teamwork, responsibility and leadership.

WATER / SANITATION ...

We rightly understand the needs!!

Water is essential for life, good health and economic development — yet more than one billion people lack access to clean water. IHRC Relief Fund Trust will work to fulfill the water needs of vulnerable populations: We will pipe clean drinking water to rural communities, help solve resource-based conflicts and deliver water to families during emergencies.

WOMEN'S EMPOWERMENT ...

Making them active part of society!!

Women are the foundation of every society. Yet for many women in the world's poorest regions, life is extraordinarily difficult. Through innovative health, agricultural, business and education programs, IHRC Relief Fund Trust will build on the courage and resourcefulness of women to help them realize their potential and improve their families and communities. The International Human Rights Commission Relief Fund Trust (IHRC-RFT) is also empowering women through our advocacy programs on violence against women and gender discrimination through our Goodwill Ambassadors.

YOUTH DEVELOPMENT ...

We believe twisting them right only!!

Youth have a bigger stake in the future than anyone. IHRC Relief Fund Trust will help to mobilize youth in the Pakistan and abroad to influence a better tomorrow, while also offer education and job training to impoverished youth to give them a place in the changing global economy as the leaders of today and tomorrow through the Youth Ambassadorship program.

OBJECTIVES
